

Jaquar 36' Runaway Cat

Runaway Cat is a **36' luxury catamaran** that was built in South Africa specifically engineered for long-distance cruising. Wide flat decks together with a sailing system engineered for short-handed cruising, this lean Jaguar powered by twin 30hp Volvo motors is capable of powerful performances underway. She has the space of a 42 footer with four queen sized cabins and 2 well appointed heads and showers, and immense saloon and cockpit.
