

**Robertson and Caine Leopard 4200
S/V One Life**

The **Leopard 42** was a brand new design in 2001 by Alex Simonis, and over 100 yachts (both 42' and 43') have been built. Leopard catamarans are well built and capable of cruising any ocean. In delivery miles alone, Leopard catamarans have sailed over 3 Million nautical miles, that's a lot of bluewater under their keels.

Bareboat & Captain Rates:

Season	1 Week	4 Weeks
